Future Scientists Show Their Stuff

Photo Kerry Armistead

St. Perpetua School's annual science fair was held on April 23rd and was hosted by the Jr. High students. This hands-on exposition featured exhibits and experiments designed with the future scientist in mind. The excitement of science was brought to life with exploding volcanoes, hydrogen rockets, solar system demonstrations and the ever-popular "periodic table" jeopardy game. For more information about St. Perpetua School's K-8th grade program visit us at <http://www.stperpetua.org/>.
