Lamorinda Music and Gifts - Grand Opening on July 31

81 Lafayette Circle - 385 0963 – www.lamorindamusic.com

Colleen McCormick has been a Lafayette resident for 16 years and a science teacher with the Lafayette Art and Science Foundation for 10. But there is a passion for music that runs in the McCormick family, from both parents (Colleen and John) to the children Scotty (13) and Emily (16) who play at Acalanes. So it was only natural for Colleen to venture in that direction when she decided to start a business of her own with her husband's support. The concept of Lamorinda Music is two-fold: soundproof music studios for private lessons and group lessons for pre-schoolers, and a store to buy or rent all the band and orchestra instruments. All rental contracts can be transformed into purchase with complete transfer of the money invested in the rental. Being a mother, Colleen added some welcome convenience to her project such as a lounge and a terrace where parents will be able to wait comfortably for their offspring using wi-fi and sipping tea/coffee. The grand opening will be on Friday July 31 from 4 to 8 p.m. With neighboring business, Lafayette Health Club, Lamorinda Music and Gifts will be offering food and drinks, and of course a lot of live music.

Local Builder Wolfgang Schilling Receives 2009 Piedmont Design Award, 81 Claremont Avenue, Orinda, 254-9145

The City of Piedmont recently announced their 2009 Design Award Winners. Included in the recipients was local builder, Wolfgang Schilling, in the category of "Best Remodel and Landscape". This is the second Piedmont Award for this general contractor in three years, having been awarded "Best Addition Award" in 2006. "It's nice to be recognized but the best prize of all has been the opportunity to work with great clients, excellent architects and visionary designers," said Schilling. This accomplished furniture maker, mill worker and general contractor loves creating home environments just as much today as when he started 35 years ago. Since moving to Orinda in 1972 with his wife and two children, Wolfgang has completed projects in the East Bay, South Bay, San Francisco, Solano and Marin counties, Tahoe area and Italy.

Lafayette Car Wash Voted Best of the East Bay

3319 Mt Diablo Blvd - 283-1190 www.lafayettecarwash.com

"We are trying to do all the things possible to make our customers happy and focus on quality," says Blake Wellen, commenting about Diablo Magazine's Best of the East Bay vote, "we want our clients to have a good experience from beginning to end." Part of this good experience is the greeting at the entry of the car wash, and the comfortable waiting area. Wellen credits his quality to his employees. "We have a very small turn over for our profession," says Wellen, "some of them have been on board for 17 years and we all share the same determination to clean all the little nooks and crannies because quality is what counts for customers." The Lafayette Car Wash can also pride itself in the recognition of the East Bay Municipal Utility District (EBMUD). In their "drought center tips" the agency wrote: "Lafayette Car Wash ... has a system that recycles 50 to 60 percent of the water it uses, and all but the final rinse water is recycled. By improving the efficiency of the system over time, they are washing the same number of cars with about half the water, down to 25 gallons per car". The company uses biodegradable washing product as well, avoiding another nightmare of EBMUD, sending chemicals in the drainage systems that end up in our reservoirs and drinking water.

A Majority of Lafayette Businesses Support Farmers' Market

Chamber members made some suggestions regarding "conditions of operation." Some recommended that parking arrangements be made with Safeway, or in the parking area at the new library. Others proposed that local businesses have a first-right-of-refusal on booth space. Some want to see adequate pay back to the town and local charities and want to make sure that the farmers clean up after themselves.
