Seven members of the 2008 Miramonte Boys Water Polo began playing water polo together at age 12, and continued playing together for seven straight years, which was climaxed by their senior year in high school. Their senior year the team was named the High School Team of the Year (all sports) by ESPN Rise magazine. During the 2008 season the team won the Schmitt Tournament, North-South Challenge, took second place at the Memorial State Tournament, and won their fourth straight North Coast Section Championship. No longer united under the Matador green and white or the Lamorinda Water Polo Club blue and gold, it is a rainbow of new colors representing NCAA division I and division III collegiate water polo teams.

Bears Blue and Gold - University of California, Berkeley is represented by freshmen Danny Crocker and Tommy Briskey.

Bruins Blue and Gold - University of California, Los Angeles is represented by freshman Bret Lathrope

Cardinal and Gold - University of Southern California is represented by freshman Stephen Siri

Blue and Orange - Pepperdine University is represented by freshman
