## Volunteers Needed Sudden Oak Death ("SOD") SOD Blitz

*Submitted by William Hudson*

Sudden Oak Death

SOD kills live oak trees and is spreading to Lamorinda. Spend a few hours April 24-25 learning about SOD, including counteractions, and map its presence in Lamorinda for SOD expert UC Berkeley professor Dr. Garbelotto.

Training 10:30 Saturday 4/24 morning on the UC campus (near BART).

Contact Lydia Smith [smilydia@gmail.com](mailto:smilydia@gmail.com) (UC) or William Hudson [wllhh@gmail.com](mailto:wllhh@gmail.com) (Orinda) for more information or visit

<http://nature.berkeley.edu/garbelotto/english/sodblitz.php>.

Please tell a contact if you will participate so we can have enough space and material.

Sudden Oak Death

Treatment Workshops

Wednesdays, April 21, and May 12, 2010, 1-3 pm

Under the Big Oak Tree at the Tolman Hall Portico

University of California, Berkeley, near BART
