Orinda Motors Recognized for Philanthropy

The owners of Orinda Motors, Allen and Terry Pennebaker, were recently recognized for their many philanthropic contributions to the City. In addition to the major support Orinda Motors provides to the annual car show each September, it also supports a number of other community events and causes and hosts a plethora of carwash fundraisers annually. Allen, who purchased the business with his wife in 1996, also recognized his longtime Service Manager John Vanek, who has been integral to making Orinda Motors' strong community connection happen.
