It was a perfect afternoon at Moraga Commons Park. The air was warm and redolent of the scent of spring. Representatives from Lamorinda's three communities - mayors, managers, staff and supporters - appeared relaxed and happy to celebrate, together, the completion of the new 29-space parking lot that now borders the park along Moraga Road.

"It is just a parking lot!" said Mayor Mike Anderson of Lafayette, "but the symbol is bigger than that. It is an example of cooperation between our three staffs, and maybe common road projects will be next."
