

Growing pumpkin

6. Compost your carved pumpkins. They will decompose and can be used to fertilize your garden.
7. Bury the entire pumpkin. It may grow next season and if nothing else, it will enrich your soil.

Make sure to take lots of photos to reminisce in later years. The largest pumpkin my kids ever grew weighed in around 400 pounds, but the world record is over 2,000 pounds. The memories are priceless.

Enjoy a happy haunted Halloween as well as pumpkin treats.
Happy Gardening to You!
