SITE FACTORS

Site factors have significant influence on both the likelihood and consequences of tree failure. When our ISA certified arborist from Advance Tree Service comes to perform a free risk assessment, the site is often first evaluated for targets and consequences of failure. Site factors that can be used to evaluate the likelihood of tree failure impacting the target include the history of previous failures. This includes branch, trunk, root, and soil failure. Wind and other natural winter conditions can be a high risk factor as well.

So don't wait until it's too late, Call your local ISA certified Arborist at Advance Tree Service and Landscaping for all your tree needs.

Final touches on the landscaping, in the form of 39 pots of red flowers, makes the yard pop with color. "We are very outdoorsy people," she said, "we live outside."

She cooks outside in the full kitchen almost continuously from May through November. When extreme fog blankets the area in the morning or evening the family can huddle near the outside fireplace.

Moraga Juniors Garden Tour tickets are \$35, \$25 of which is tax-deductible. "We expect to raise \$20,000 for CCIH, which will allow some very deserving families to move into affordable housing and get vital support services at a time of crisis in their lives," Myers said.

Tickets are available at Across the Way in Moraga, McDonnell Nursery in Orinda and Orchard Nursery in Lafayette. They are also available online at www.moragajuniors.org. Gourmet box lunches are available for an additional \$10; they will be served at one location only.
