Your friendly neighborhood arborists Darren and Lew Edwards

New Tree Planting

Think of the tree you just purchased as a lifetime investment. How well your tree, and investment, grows depends on the type of tree and location you select for planting, the care you provide when the tree is planted, and follow-up care the tree receives after planting. The ideal time to plant trees and shrubs is during the dormant season-in the fall after their leaves drop or early spring before bud breaks. Weather conditions are cool and allow plants to establish roots in the new location. The proper handling during planting is essential to ensure a healthy future for new trees and shrubs.

So don't wait until it's too late, call your local Arborist at Advance Tree Service and Landscaping to help you find your perfect tree.
