

# Patti Camras

*I* believe in the art of living well.

Whether helping first-time home buyers & move-up buyers or downsizing empty nesters & seniors, I want my clients to live well at every stage of their lives. I'll do whatever it takes to help them enjoy a seamless transition from one of life's passages to the next. This is my promise.

## “Greening” is Bad for Oranges

... continued from page D1

Delfino said Lamorindan farmers can fight HLB spread three ways: “Watch out for psyllid (inspect your citrus plants regularly, ideally, every month), use only registered budwood when grafting, and don’t move trees outside the quarantine area.”

*It is illegal in California to import citrus fruit or plant material from other states or countries. To inquire about HLB call the California Department of Food and Agriculture exotic pest hotline at 1-800-491-1899, or go online to [http://civr.ucr.edu/asian\\_citrus\\_psyllid.html](http://civr.ucr.edu/asian_citrus_psyllid.html).*

*To obtain state approved citrus budwood for graft, go to <http://ccpp.ucr.edu/> or [http://www.agmrc.org/commodities\\_\\_products/fruits/citrus/citrus-profile/](http://www.agmrc.org/commodities__products/fruits/citrus/citrus-profile/).*

*Nymphs and white waxy tubules of Asian citrus psyllid, Diaphorina citri Kuwayama, infesting citrus and being tended by ants.*
