Tune into Cynthia's Radio show at www.StarStyleRadio.net

I am available as a speaker, designer, and consultant.

How happy I am that I had not only digitized photos, but also printed them for posterity. When we first moved to this area, our lot was a hillside of wild grasses, poison oak, and blackberry bushes. It is now an oasis filled with lush landscaping, orchards, vines, trees, fruits, herbs, flowers, birds, bees, butterflies and wildlife. One of the mottoes I have always lived by is "what you think about and talk about comes about!" For me, I am always thinking about gardening. Today, all I have to do is look around to see that my personal world was created in my thoughts.

As the end of the year approaches, I encourage you to invest in archiving your precious memories of family, friends, pets, plants and places you love, not only on your apps and gadgets, but in the old fashioned way: printing. Don't allow your legacy of a life well lived become obsolete as technology races forward. Do some digital digging and store a hard copy of your treasures. Plant and grow your memoirs.

May you shine with happiness for the holidays. Thank you for a fabulous year of Digging Deep and Gardening with Cynthia Brian. I appreciate you.
