Scaled Down Plans and Phased Approach for the Hacienda de las Flores

... continued from page A4

This road is currently only used by maintenance vehicles and pedestrians. Councilmember Teresa Onoda proposed that the historic entry point, on Moraga Road close to Devin Drive, be explored. While the rest of the council supported the idea, the architect noted that an access point close to an intersection was not recommended.

Gould Evans is planning a community open house at the Hacienda on Feb. 25. The council will then review the final concept plan for approval.

What will happen then and how the project will move forward is unclear at this time. The staff person in charge of the project is Park and Recreation Director Jay Ingram. When asked, he was not sure if the task to "sell" the Hacienda to possible partners/investors would be his job alone or if the council would appoint another consultant. Ingram confirmed that he was meeting with the Chamber of Commerce. Schreck added that she was as-

sembling a small group of local business people with experience in the development or hospitality industry to support the market research efforts of the town.
