

## Cynthia Brian's Mid-Month Reminders:

**CELEBRATE** Arbor Day on April 29. Plant a tree or offer gratitude for the trees you already have.

**AERATE** lawns to help with proper drainage and root growth.

**PREVENT** unwanted pests, including termites, ants, grubs, etc. with an organic spray. Cedar oil contained in Yard Guard is safe for pets and children.

**PROTECT** peony buds from freezing once they've sprouted by putting a sheet over them before frost is expected.

**ALLOW** the leaves from bulbs that have completed blooming to turn brown and crispy. Daffodils and narcissi require this procedure to refuel the bulb for next year's flowering.
