Wasikowska, returns from her expedition only to be threatened by her ex-fiancé Hamish (Leo Bill, "The Girl with the Dagon Tattoo") to regain her ship, the Wonder. Alice decides she must return to Wonderland, this time through a mirror and not the traditional rabbit hole.

Down under, Alice learns that her old friend, the Mad Hatter (Johnny Depp), is deeply depressed over the death of his family and asks Alice to help him. Alice believes she can make things better for Hatter by stealing the time traveling chronosphere from Time (Sacha Baron Cohen). Sacha is a positive addition to this franchise. Adventuring in the past Alice learns of the relationship between the Red Queen (Helena Bonham Carter) and the White Queen (Anne Hathaway).

All the flashy computer generated imagery (CGI) cannot save a subpar script and the characters just do not draw you in. "Alice Through the Looking Glass" has a total running time (TRT) of 1 hour and 53 minutes with a PG rating.
