Try to tackle a few things on this list each day or each week and be mindful to put a “love my home” intention into your tasks so what’s created is a positive thread you can, from that day forward, weave into the layers of what home means to you. As you create more flow and greater ease be mindful of the profound shifts that abundant healthy energy invites towards your home. As you tidy up just enjoy the process of an intentional orchestration of all that is positive into your home and life and be grateful for all that you have created.

Next month I will give tips on the “heavenly gate” of your home, the next logical place to spruce up, the foyer, and help you create that “wow” moment once inside your home.

Please feel free to reach out to me if you want an extra pair of hands or eyes to energize, uplift, and renew your property or living space.
