

This holiday season keep your recyclables clean.

Make it your holiday mantra: empty, clean and dry!

Those three words tell you everything you need to know to recycle smart.

- Place loose recyclables in blue cart (do not bag).
- Keep containers empty, clean and as dry as possible.
- Keep holiday paper clean and dry.
- Bundle your clean and dry plastic bags.
- Empty food containers as much as possible. Scrape with a spoon, or wipe with a paper towel and put the paper towel in the green cart for composting.
- Toss food-soiled paper (like napkins, paper food boxes and more) into your green cart for composting.
- And most of all...no garbage in the blue and green carts!

Keep on
recycling!

Empty. Remove any food or liquid contents from a recyclable item before placing it in the recycling cart.

Clean. Lightly rinse or wipe the recyclable item to remove any remaining residue.

Dry. Shake out excess moisture or let the recyclable item air dry before placing it in a recycling cart.
