The Moraga Garden Club announced its new slate of officers for the coming year starting September.

In addition to its many efforts of beautifying and supporting the town, the club has worked in conjunction with Moraga to give a facelift to the Triangle - the intersection of Rheem Boulevard and Moraga Road - including an interesting whimsical, whirling sculpture. Several members have also diligently worked to create and develop a perennial garden in the Hacienda, exemplifying artistic and solid garden planning. Other members have taken on the long neglected urns on Country Club Drive.
