Neighbors gather in fellowship on the Fourth

... continued from Page A1

The House bill, Accelerating Access to Critical Therapies (H.R. 7071), would authorize \$75 million in funding to the National Institutes of Health and establish a Center for Neurodegenerative Diseases at the FDA. The Senate bill, Promising Pathways Act (S. 3872), could greatly shorten the time from ALS drug research to human clinical trial

to FDA approval.

“There is currently no cure for the disease, but a great deal of research is underway,” Shephard said. “We believe the disease can be cured, so more funding is needed.”

“It was sad not to have the normal Fourth of July festivities in Moraga including the dog and bike parades and the concert/fireworks. But it was fun to get our neighbors out for the

fun run,” Shephard added. “It is nice to live in a community with such great neighbors.”

To get involved in promoting these bills with your legislators you can visit: <https://iamals.org/take-action-to-make-access-to-therapies/> or go to the Action Center at <https://www.als.org/advocacy>. Donations can be made to the The ALS Association Golden West Chapter.

Campo Parents Club

... continued from Page A4

Although she states that it's still a work-in-progress, it is already full of resource information while on the way to listing additional content related to racial, LGBTQ+ and mental health issues.

There are many things that Smith would like to accomplish while serving as the chair of the committee “I want to see Campolindo and the AUHSD take immediate measurable action steps that addresses why only 57% of white students and 47%

of students of color feel accepted at Campolindo, or why 52% of white students and 40% of students of color feel proud belonging to Campolindo.” The D&I parents group feels there should be a full-time director to track any progress data.

Smith would also like to see an updated curriculum to include the history of people of color; a clarification of disciplinary actions that addresses racial language, symbols, religious bigotry and discrimination; and a Student Code of Conduct. Most importantly, she hopes for more active parental

participation during D&I events.

Smith stresses that all students need to be responsible for their consequences. “Students should not be ostracized or lose their ‘social equity’ because they are calling out inappropriate and unjust behavior. I want all of the students to feel the positive effects of a fully inclusive culture.” Smith concluded, “We can no longer sit back and assume that all is fine because the majority is fine. We need to keep evolving and self-correcting until all are fine.”
